

PROJECT SIGN OF COMMITMENT

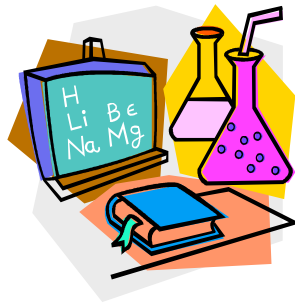

Create a sign that announces the subject of your research paper, the physical project and your name. The sign will be checked by your advocacy teacher and will be displayed in the hall before being used as the cover for your Judge's Notebook.

Your sign should be created on an 8 ½ x 11 inch piece of paper so that it will be the cover for your Judge's Notebook. The sign should be creative and eye-catching. You should include original and colorful graphics to make your sign attractive. Avoid wordy titles and start the description of the physical project with an action verb.
